- ▶ SOPHISTICATED GUEST TABLE TRACKING
- ▶ UP TO 50 PLU MENU KEYS FOR FAST REGISTRATION
- ▶ VARIOUS PROMOTION FACILITIES LIKE "BUY FIVE GET ONE FREE"

The UP-820F is a flexible solution combining reliable hardware and brilliant display with powerful built-in application software. The combination of flat keyboard and touch screen results in an easy to use ergonomic and intuitive user interface. This minimizes entry errors and allows rapid entry sequences. Untrained personnel are guided via the touch screen through individual orders. As a result costs are reduced by minimizing errors, enhanced productivity by fast operation and increase of customers satisfaction by shorter service time. The UP-820F is developed to reflect the needs of the different Fast Food and bakery businesses. Many new features, such as "PLU Information text", "Bonus points function", "Happy Hour function by weekday", "Customer advance ordering with detail reporting" or "Employee working time control" have been incorporated while sophisticated table management as well as Customer management functionality are standard functions. Detailed reports allow to compare hourly sales activities or to analyse regular customer purchases. System expansion requirements are supported by serial interfaces. With the Ethernet LAN system all models of the UP-800 series can be integrated within one network. The SD card usage supports wireless and therefore cost efficient storage of sales and Electronic journal data.

DISPLAY

- ▶ TFT Color LCD (cm): **26**
- ▶ Size (dots): **480 x 240**

KEYBOARD

- ▶ Touch screen: ✓
- ▶ Flat keyboard: ✓

OPTIONAL DEVICES

- ▶ External printers: ✓
- ▶ Remote drawer: ✓
- ▶ Drink Dispenser: ✓
- ▶ Scanner: ✓
- ▶ Handheld terminal: ✓
